To The Secretary to the Government of Madras,
Home Department.

Sir,

The question of constructing quarters for the Wool Spinning Supervisor, Central Jail, Bellary, was taken up once before but had to be dropped owing to financial stringency.

It is, however, essential that he be provided with quarters and as the Superintendent's old bungalow is to be allotted to the Jailer, I submit the following proposal for the approval of Government.

1. The Jailer's quarters to be bifurcated and allotted to two clerks who are at present occupying quarters near Durgamma line.

2. The quarters of the two clerks to be allotted the Wool Spinning Supervisor and Gatekeeper.

Early orders are solicited.

From (Name) Lieut-Col.S.C.Contractor,M.B.,I.M.S.,

(Designation) Inspector-General of Prisons.

To The Secretary to the Government of Madras,

Home Department.

Sir,

I furnish below the information called for -

(1). The construction of the Superintendent's bungalow is complete except for electrification. It will be occupied when a permanent Superintendent is posted to Bellary. At present the Superintendent, Wellesley Sanatorium Jail, Bellary is holding combined charge of the jail.

(2). ~~Xxx~~ No. Government have been requested to sanction this in my letter No.4561/S4/37,dated the 30th November 1937.

(3). The Wool Spinning Supervisor was provided with quarters in one of the warders huts till 1-12-1937, but owing to the increase in the strength of the warder guard he had to vacate it. Rent was being recovered at Rs.3-3-0 per mensem - which is the standard rent of the hut.

(4). The nature of the work of the Wool Spinning Supervisor is such as to necessitate the provision of residential quarters for him. In the interests of the service he should reside on jail premises - Extract from letter No.G.3195,dated 11-12-1937 from the Superintendent,Central Jail,Bellary - explaining this fully is enclosed.

(5). Rent will be recovered as referred to in Clause III of Rule 45-A of the Fundamental Rules or 10% of the occupant's emoluments whichever is less.

(6). The Gate-keeper is now occupying a warder's hut. When he is provided with quarters, the hut will be occupied by one of the warders who is now without quarters.

(7). The distance between the jail on the one hand and the Superintendent's old bungalow is about a furlong and the quarters near the Durgamma line on the other is about 2 furlongs.

The Superintendent,Central Jail,Bellary has submitted proposals for the construction of quarters for the Wool - Spinning Supervisor ever since the post was sanctioned, but owing to financial stringency the question was kept in abeyance. Quarters are now available for allocation to the incumbent and proposals were accordingly submitted in my No.4561/S4/37,dated the 15th November 1937 for the orders of Government. I request early orders may be passed in the matter as the Wool Spinning Supervisor is without quarters since 1st December 1937.

Residential quarters - Government of Madras - Home Department Telephone message - Information furnished.

(4). The hours of working of the factory is from 7 A.M. to 11 A.M. and 12 noon to 5 P.M. as prescribed by the Factory Act. To start work at 7 A.M. the Wool Spinning Supervisor has to get into the workshop by 6 A.M. to make arrangements to have the prisoners on work immediately after they are marched into the workshop. In the afternoon, he has hardly an half/hour's interval and if quarters are not provided - closeby and if he were to live far away from the Jail, it would not be possible for him to come into the workshop at least a few minutes before the convicts are marched. If this is pressed on him, he would obey, but it will be a great strain. If he is not in time to open the mill and start the machine the convicts will have to idle their time in the afternoon and full task cannot be expected. Though the workshop is supposed to be closed at 5 P.M. it takes another an hour or half at-least for him to close the transaction and to hand over the cut offs for the day to the Store-keeper.

Further the Electric Wireman attached to this Jail has to live outside for want of quarters and the Wool Spinning Supervisor who also supervises the work of the Electric - Wireman, has to be in the vicinity of the jail during the nights in case the lights go out. The lights go out very often and the occurrance of such an event is quite common and constant during windy and rainy seasons.

On Sundays and Jail holidays when there is no work for prisoners, the Wool Spinning Supervisor has to come to the Jail to clean up the machines and also see to the cleaning up of pipe lines and reservoirs belonging to the jail. He has multifarious work to attend to, even though the mill is not

working on holidays. His services are required any moment and in the interest of the Jail, I consider that the Wool Spinning Supervisor ought to be provided with quarters.

Central Jail, Bellary — Residential quarters. Allocation of

pp 1-3 C.F. Letters from the I.G. of ~~Jails~~ Prisons, No. 4561-S4/37 dated 15-11-37 and 30-11-37.

The I.G. of Prisons has submitted the following proposals for the allocation of quarters in the Central Jail, Bellary:-

p 3 C.F. (1) Allotment of the Superintendent's old bungalow to the jailer

p. 1 C.F. (2) The jailer's quarters to be bifurcated and allotted to two clerks who are at present occupying quarters near Durgamma line, Sirsuras about ½ furlongs from the jail.

p 2 C.F. (3) The quarters of the two clerks to be allocated to the Wool Spinning Supervisor and Gatekeeper.

2. The proposals are examined below:-

Proposal (1). The construction of new quarters for the Supt of the Central Jail, Bellary, was sanctioned in G.O. No. 4866 dated 23-2-35, but as the work could not be begun during that financial year, the Govt approved the I.G's proposal to commence work during 1936-37. It is reported that the construction of the quarters is complete except for electrification and that it will be occupied when a permanent Superintendent is posted to Bellary. Then the Superintendent's old quarters ~~will be vacant~~ which is only

about a furlong from the jail, will be vacant. The I.G's proposal to allot the old quarters to the jailor may be accepted. p.7 C.F. 182.

(2) The jailor's quarters which will be vacant when he is provided with the Supt's old bungalow, is proposed to be bifurcated and allotted to two clerks. Their quarters at present are near Durgamma line about two furlongs from the jail the clerks are not entitled to rent free quarters and rent will be recovered from them. Submitted that the proposal may be approved.

(3) The proposal is to allot the quarters near Durgamma line occupied by two clerks to the Wool Spinning Supervisor and Gatekeeper. It is urged that the Wool Spinning Supervisor should be provided with quarters, in view of the fact that his services are required at any moment and that his work in the factory is very heavy. It is reported that the Wool Spinning Supervisor was provided with quarters in one of the warders huts till 1-12-37 but that owing to the increase in the strength of the warder guard he had to vacate it. Full standard rent was recovered from him during the interval. The I.G. states that, if the Wool Spinning Supervisor is provided with quarters, rent will be recovered from him as referred to in clause III of F.R. 45-A or 10% of his pay whichever is less. p.7 C.F.

Rcd.

The Gatekeeper is entitled to rent-free quarte
p.7 C.F. He is now reported to be occupying a warder's hut. It is stated that, if the Gatekeeper is provided with quarters ~~separately~~ near Durg mma line, the hut will be occupied ~~with~~ by one of the warders who is now without quarte
~~It is for orders whether~~ Dare is no objection to the ~~proposal may~~
for being approved.

p.7 C.F. 3 The J. G. requests early orders on his ~~propo~~ sals. Submitted that the case may be sent to P.W.D. for issue of orders.
